## SUN

### Care products for untroubled enjoyment of the sun.

Using advanced technology and valuable plant extracts, ANNEMARIE BÖRLIND has developed sun products that fulfill today's requirements and guidelines. With one exception, no mineral UV filters, such as titanium dioxide or zinc oxide, have been deployed, but organic UV filters instead. The organic sun-protection filters, offering good skin-compatibility, guard against the danger of sunburn and its well-known side effects and after-effects.

All the SUN products comply with the European Commission's strict requirements regarding protection against UVA and UVB rays. All the sun-protection products are water-resistant.

### Cooling Sun Spray SPF 30

This cooling spray provides high sun protection and natural care in one. Optimal UVA/UVB filters offer professional protection against harmful UV rays. The SUN moisturizing complex, containing panthenol, supplies intensive moisture. Menthyl lactates make for a cooling, refreshing effect and, in this combination, are more skin-compatible than pure menthol. The light texture of the spray is absorbed instantly.

### DNA-Protect Sun Cream SPF 30

This light and rapidly absorbed SPF 30 sun cream offers both high sun protection and active cell and DNA protection. The remarkable DNA-Protect ingredient complex, with valuable extracts from sugar cane, rice and rosemary, has been specifically developed to treat skin stressed by UV and can effectively inhibit the formation of sun-induced skin damage. The DNA is better protected against radicals during increased exposure to UV, while repair in the cells is assisted. A natural anti-aging complex, containing active ingredients from the kombu alga, panthenol, allantoin, vitamin E and numerous herbs, together with mineral and organic UVA/UVB filters, offer reliable protection against the sun and also guard the skin against UV-induced aging.

### Anti-Aging Sun Cream SPF 15 / 30

This smooth anti-aging sun cream offers medium or high sun protection, depending on its SPF. An extract from the cell wall of the kombu alga contains a special lipid that protects the skin against damage from UV light. This is why the kombu alga can be exposed to the sun without protection at low tide. The alga is also rich in vitamins A and E, which means that it contains a natural anti-aging complex and protects against premature skin aging. Panthenol binds moisture in the skin. Both creams are also ideal for sun protection during winter sports.

### Sun Milk SPF 30

Natural care and high sun protection for the entire body. Also ideal for children's skin, which is sensitive to the sun and needs protection. Optimal UVA/UVB filters offer professional protection against damaging UV rays. Plant ingredients, such as vitamin E and the kombu alga, strengthen the skin's powers of resistance and self-protection. The SUN moisturizing complex, containing panthenol, supplies intensive moisture.

### Sun Spray SPF 20

The texture of this spray is refreshingly light, is absorbed instantly and is not sticky. The sun spray provides medium sun protection and natural care. Optimal UVA/UVB filters offer basic protection against damaging UV rays. An anti-aging complex, featuring vitamin E and the kombu alga, protects against premature skin aging. The SUN moisturizing complex, containing panthenol and sorbitol, supplies intensive moisture.

### Lip Balm SPF 20

Optimum care and intensive protection for the sun-sensitive lip area. The combination of natural ingredients maintains the natural moisture levels of the lips. Chapped and dry lips become soft and supple once more.

## Sun Fluid SPF 20

This oil- and emulsifier-free product offers medium sun protection. The vegan fluid is ideal for skin prone to allergies. Optimal UVA/UVB filters offer protection against damaging UV rays. Plant ingredients enhance the skin's powers of resistance and self-protection. Radicare®, with balm, barley and rutin, protects the skin against premature aging. The moisturizing complex, containing panthenol and sorbitol, supplies intensive moisture.

## AFTER SUN Soothing Lotion

This soothing and caring lotion supplies moisture and is the ideal instant aid for sun-stressed skin. Soothing and moisturizing herbal extracts, such as hamamelis and rosemary, alleviate redness and skin irritation. Panthenol and sorbitol increase the skin's moisture levels and maintain its elasticity. The lotion restores vitality to skin damaged by UV, and strengthens its natural protection barrier.

## AFTER SUN Cooling Gel

This cooling and oil-free gel offers hot skin freshness and intensive moisture. The skin is soothed and redness reduced after exposure to the sun. Aloe vera and a herbal complex restore the moisture lost, and alleviate a feeling of tightness. Provitamin B5 and allantoin strengthen the skin's powers of resistance and give lasting support to its own natural recovery process.

## SUNLESS BRONZE Self-Tanning Lotion

This self-tanning lotion gives the face and body a natural-looking tan - without sun - in just a few hours. Superior plant oils, such as sesame oil and peanut oil, together with selected natural care ingredients, such as walnut extract, care for the skin.

## Shimmering Body Oil (Ltd. edition)

This vegan body oil with a golden pearlescent shine leaves a subtle shimmer on the skin. Valuable omega fatty acids and candelilla wax strengthen the skin barrier and protect the skin's natural moisture. The care complex, consisting of bisabolol, vitamin E and carrot extract, soothes and cares for sun-stressed skin.
